

INVITATION

BAKA Award | Innovation Award | BAU 2025 **Shape the future sustainably with innovation!**

Ladies and Gentlemen,

The BAKA Award is being presented again for the 9th time as an innovation prize at BAU 2025.

Innovative, sustainable system solutions secure the future of construction and therefore also our environment. This also opens up national and international market opportunities.

The BAKA Bundesverband Altbauerneuerung e.V., in cooperation with Messe München, is offering the BAKA Award for Product Innovation 2025 and would therefore like to draw your attention to this great potential. We would like to take this opportunity to invite you to take part in the 2025 competition.

As a platform for innovation, the BAKA Award offers you the opportunity to highlight the strengths of your company and exploit them on the market.

The BAKA Award/Innovation Award will be presented at BAU 2025 in Munich on January 15, 2025.

Secure your company a place in the front row for the most innovative product and system solution today.

Information on the competition and registration/application can be found [here](#).

With kind regards

Ulrich Zink
Chairman of the BAKA Board

Messe München
